Mission

It is the mission of the Global Corrections Group, LLC to provide the highest quality of technical assistance, audits or quality assurance reviews to organizations requesting need of such services.

Vision Statement

Global Corrections Group is regarded as a premiere, well-managed, ethical and efficient organization that successfully provides the highest quality of requested services that fully satisfies the needs of client organizations.

Goal

To partner with organizations upon request and rectify existing problems, that precludes its orderly and lawful functions and ultimately establishes operational performance consistent with the mission and expectations for public safety.

LEADERSHIP

Global Corrections Group has amassed close to 100 years of Federal Detention and Corrections experience. Global Corrections Group's owners combine to provide a wealth of highly skilled agency, regional and facility leadership. This experience allows Global Corrections Group to analyze, interpret and convert data into comprehensive information to forecast costs, minimize risks, detect fraud, anticipate needs, and make calculated decisions for the improvement of each facility's contractual needs.

Global Corrections Group's owners have held positions in correctional management and leadership positions as Lieutenant, Captain, Associate Warden, Warden, Regional Director and Assistant Director of the Federal Bureau of Prisons, as well as managing several private prison operations. They are also experienced in human resource management, marketing, community relations, education, training, and administrative grievance litigation in the areas of legal liability, discriminatory impact and employment law.

Global Corrections Group's Subject Matter Experts each have over 20 years of experience in Federal Corrections and Detention. Over 30 nationally deployable Subject Matter Experts have been highly vetted and selected to represent Global Corrections at facilities throughout the country. Their demonstrated employment history of excellence ensures superior levels of professional knowledge, skills and competencies that meet each client's needs consistent with industry standards.

GLOBAL CORRECTIONS GROUP DELIVERY SYSTEM

Global Corrections Group has developed a highly interactive SCORECARD® tracking system to plan and identify needs assessment items to provide and create solutions to existing and/or potential problems.

The following is the 10-step planning strategy typically utilized:
